STATEMENT OF PROBABLE CAUSE

(For issuance of an arrest warrant or summons)

I state that on 09/23/2022 while exercising my duties as a law enforcement officer in the _____ District of NH

within the boundaries of the White Mountain National Forest through observation and investigation I determined that Henry Carbonneau had camped longer than allowed by order.

At approximately 12:43pm, Thursday 22, September 2022, I was contacted via text message by the campground hosts at Hancock Campground in Lincoln, NH. They informed me that the people on site 47 had exceeded their 14-day occupancy limit and they had told them they had to leave. They told the hosts that it was raining and asked for more time. The hosts then told them that they it was going to rain and that they would be contacting me. Occupying or camping an area is limited to 14 days by Forest Supervisor's Order R9-22-19-28.

I am very familiar with the two males staying/living at the campsite and had previously identified them as Henry Carbonneau and Daniel Macomber from numerous previous contacts. They both are residing in a towed camper trailer and tent and have been for at least the last two years, on and off the National Forest. Carbonneau had previously been cited for over 14-day stay once and Macomber twice, by me. Macomber had also previously been cited by other LEOs for numerous other offenses. I decided to give them an extra day to vacate the site due to the rain. I went to the campground on 23 September 2022, at approximately 1:00pm and learned from the campground hosts, that Carbonneau and Macomber still hadn't left yet. I took photos of the fee envelopes showing that they had paid for campsite 47 since 7 September 2022. I had also seen their camper at the site every time I had driven through the campground over the last two weeks.

At approximately 1:32pm, I went to the campsite and observed that their site was still set up and it didn't appear that they were preparing to move. I contacted Carbonneau and Macomber who were in the trailer. While talking to them, Carbonneau stated that the reason why they didn't move was because of the rain and that they normally moved every 14 days. I told them I would let them stay one more night to move but that they would be receiving

The foregoing statement is based upon:

MY PERSONAL INVESTIGATION

I declare under penalty of perjury that the information which I have set forth above and on the face of this violation notice is true and correct to the best of my knowledge.

Executed on:
